Joy Ride for Lenco Propulsion / Trolling Systems

24-Volt / 2HP Kit
and
36-Volt / 3HP Kit

3 year limited warranty on motors through MotorGuide service centers.
3 year limited warranty on actuator and
1 year limited warranty on steering systems from Lenco Marine.

- ▶ 360° steering with infinitely variable speed control
- ▶ Cruise control
- ▶ Built-in system check and battery meter
- ▶ Motor position switch with indicator
- ▶ L.E.D. tactile keypad with a built-in motor retractor feature
- ▶ Ambient light sensor
- ▶ IP68 waterproof rating (3 feet submersible)

Joy Ride **ELECTRIC** Dual Digital Drive Kits

Building reliable, easy to use marine products is our passion... so you can just have fun on the water.

Primary or auxiliary propulsion system available in
24-Volt / 2HP and 36-Volt / 3HP

Actuator is fully submersible, maintenance-free, and sealed for life

Electro-polished stainless steel bracket and cavitation plate

Joy Ride

for Lenco Propulsion / Trolling Systems

- Ambient light sensor adjusts L.E.D. brightness for optimum viewing in all light conditions
- Cruise control locks in any speed and direction at the touch of a button
- Battery voltage instantly displayed on multi-colored L.E.D. indicator
- Fully protected solid state electronic controls

Efficient Cool Wound™ salt water digital motors with full forward and reverse thrust

Cool Wound™ Motors

- TGIC Polyester topcoat protects against dings and scratches
- Sacrificial anodes for the ultimate galvanic corrosion protection
- Multi-step lower unit coating process includes 99% pure Alumiplate coating under zinc-free epoxy powder primer

Micro Ride Steering System

- 360° joy stick steering with infinitely variable speed control
- Fully waterproof
- Includes Lenco 125 switch to raise or lower motors
