EDGE MOUNT TRIM TAB KITS 12 GAUGE / 12 VOLT

Fast response electric actuators for precise control. Fully submersible. All Plug & Play Deutsch connections. Blades are 12 Gauge - 304 SS with 1" turned up edges, 85 degree inside taper, and the hinges are 2" in height and have a 1/8" diameter hinge pin. Standard actuators with 5/16" SS bolts. The actuators mount at the trailing edge of the blades, requiring 1/2" less transom height (than the standard mount tabs which use approx. 14" transom height) on the 9" x 9" and 9" x 12" versions. The three 12" version require 3" less transom height.

SWITCH KIT SOLD SEPARATELY.
